# Special outreach to Internationals

Parktheater Eindhoven provides a warm welcome to individuals from all over the world. We are located in the heart of Eindhoven, a city with a diverse and fast-growing international population.

## Theater with International Appeal

Parktheater Eindhoven offers an exciting range of over 450 performances to the community each season. Over 100 of these performances transcend spoken language – music, dance, opera, comedy and acrobatics – and thus, are perfect for our international audiences! We also offer several performances that are performed entirely in English.

## Host International Nights

Each year, we specially select four captivating performances and designate them “International Nights”. On such evenings, we host our international audience members to a range of special activities such as a pre-show introduction in English and socializing with drinks and snacks both before and after the show. Please contact us directly for information about selected performance dates.

## Behind the Scenes Guided Tours

Experience the magic of theater in this guided tour that takes you backstage and ‘behind the scenes’! English guided tours are offered periodically throughout the season, or by group reservation. Call **040 - 2 11 11 22** for more information.

## At-a-Glance in English

To ensure that our international community does not miss a moment of the excitement at Parktheater Eindhoven, we make great effort to provide information about performances, services and upcoming events via a variety of media – the Parktheater website, our monthly calendar (printed), our English monthly e-newsletter, the Parktheater International Facebook page.

## Future Projects

We are forever expanding our outreach to the international community. Some exciting projects currently underway include formation of an international theater group, special programming for groups of international children, and partnerships with international special interest groups and events. **Stay tuned!**
