Special outreach to Internationals

Parktheater Eindhoven provides a warm welcome to individuals from all over the world. We are located in the heart of Eindhoven, a city with a diverse and fast-growing international population.

Theater with international appeal

Parktheater Eindhoven offers an exciting range of over 450 performances to the community each season. Over 100 of these performances transcend spoken language – music, dance, opera, comedy and acrobatics – and thus, are perfect for our international audiences! We also offer several performances that are performed entirely in English.

Featured activities for internationals

Each year, Parktheater organizes special activities to welcome our international audience members to the Parktheater. These activities are usually in combination with specially selected performances and can consist of a pre-show introduction in English, a meet and greet with the performers, etc. They are often organized and hosted by internationals.

Please contact us or look on parktheater.nl for more information.

Behind the scenes guided tours

Experience the magic of theater in this guided tour that takes you backstage and 'behind the scenes'!

English guided tours offered periodically throughout the season or by reservation for a group.

At-a-Glance in English

To ensure that our international community does not miss a moment of the excitement at Parktheater Eindhoven, we make great effort to provide information about performances, services and up-coming events in English and via a variety of media – the Parktheater website, our English monthly calendar (printed), our English monthly e-newsletter, the Parktheater International Facebook page and Instagram.

Special projects

We are continuously expanding our outreach to the international community. One of our exciting projects is the ITCE (International Theatre Collective Eindhoven). ITCE originated out of the Parktheater's international outreach program, with the aim of making internationals feel at home in Eindhoven.

We also offer other unique theater initiatives such as using the multifunctional Philipszaal as a 'Black Box' for various international performances.

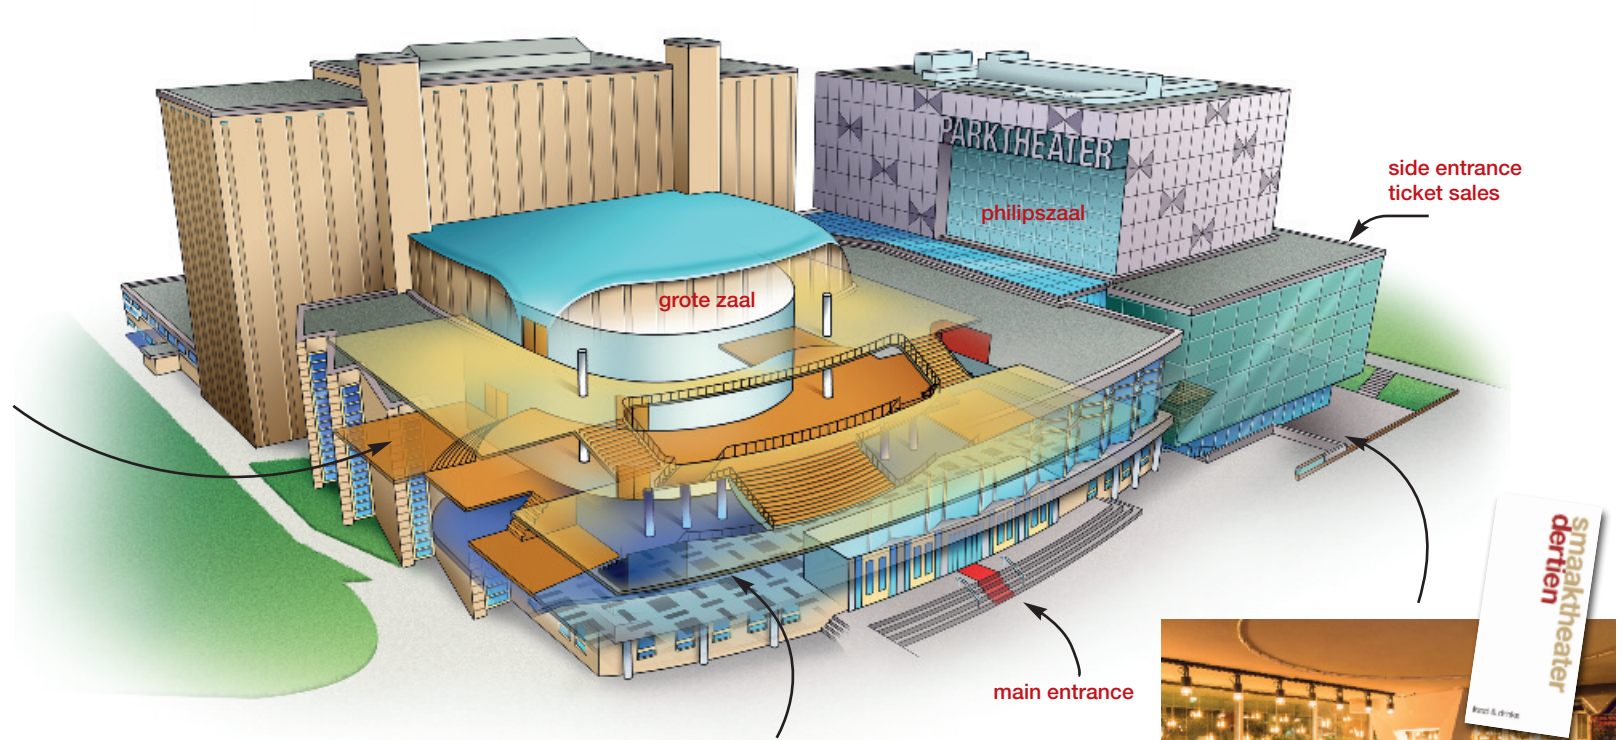

Beyond performances, Parktheater offers internationals so much more!
